## **About Mark Whitacre, Ph.D.**

Mark Whitacre is an Ivy League Ph.D. and the highest-ranked Fortune 500 executive to become a whistleblower in US history. He is responsible for uncovering the ADM price-fixing scandal in the early 1990's. His undercover work with the FBI during the ADM scandal was the inspiration for the major motion picture, "The Informant," starring Matt Damon as Mark Whitacre. Drawing from his unique history, Mark provides one-of-a-kind insight into corporate ethics, greed, and the warning signs of flawed leadership.

Since December of 2006, Mark has been the Chief Operating Officer (COO) and Chief Science Officer at Cypress Systems, Inc. Mark lives in the Cincinnati Ohio area with his wife, Ginger. They have 3 grown children.
